

Cosmetic Medical Partners is actively working on joint venture opportunities in the following sectors:

- Sleep Medicine including home-based sleep testing and treatment...our first center is scheduled to open in Dubai in May

We invite inquiries from polyclinics that are interested in adding a sleep service under our collaboration

- International health care incl. taking US health care companies overseas

- Anti-aging and pellet-based, bioidentical hormone therapy (BHRT) centers in the US and overseas

We are seeking entrepreneurs who wish to open such centers in their local markets in the US & abroad

- Expanding our hair transplant business in the US and overseas ... we are seeking joint venture partners in the US & overseas

- Restructuring distressed health care companies

Please email macfadra@aol.com if interested in discussing further.
